

Ukrainian Architect (f/m/d)

We are an architectural office with around 20 employees located in Erfurt, Central Germany - and would like to help our Ukrainian colleagues, who have been affected by war, by offering a job.

Your tasks

- participation in new construction and conversion projects
- construction planning, detailed planning, tenders or even construction management

Your profile

- degree in architecture or engineering
- 3 years of work experience desirable
- good knowledge of Archicad and/or Vectorworks, Microsoft Office, BIM/3D modelling (optional), ORCA AVA (optional)
- sufficient knowledge of either English or German

Our offer

- pleasant working environment in our industrial loft (working from home is possible)
- flexible working hours in full time or part time
- great variety of projects in architecture and interior design
- open-minded team with an open communication culture
